

## DRESS CODE / UNIFORMS

Students in Grades K-8 wear uniforms during school hours; exceptions being made by the administration from time to time for special occasions.

Clothes must be kept clean and in good repair; replaced when they are outgrown or become faded. Families are expected to respect the Dress Code. It is considered the parents/guardian's responsibility to see that their children arrive at school properly attired.

There are two main suppliers for our jumpers and other uniform items, Educational Outfitters and Flynn O'Hara. Tops, pants and shirts can be bought from other retailers, using the guidelines below. Used uniforms, in good condition, are available from the PTO Uniform Closet.

### SCOUT UNIFORM

Students involved in approved **Scouting** programs are permitted to wear their uniforms to school on their meeting days and for school pictures.

### STAYING WITHIN THE GUIDELINES OF THE DRESS CODE

If a student does not adhere to the code, or the spirit implied by the code though not specifically mentioned, the parent or guardian will be notified. The students are very aware of the dress code guidelines; parents have reviewed them and teachers frequently mention them in class. Stronger reminders may come in the form of points. This could lead to detention. Should this be ineffective, the child will be required to call his/her parent or guardian and ask that proper clothing/items be brought to the school. It is important that students accept responsibility for their actions and that parents support the guidelines.

For special occasions, such as a school program, students may need specific attire. The principal will make the final judgment as to whether or not clothing meets dress code standards. If there are any questions about specific items, parents/guardians are invited to bring the item(s) to the school office before the tags are removed to have them approved.
